

Cooling and ventilation Shops and supermarkets

KE Fibertec supplies efficient cooling and ventilation for shops and supermarkets

KE Fibertec provides efficient cooling and ventilation for shops and supermarkets. In food sections we offer directional delivery of air at low temperatures in order to ensure that produce etc. stay fresh. In shops and non-food sections textile ducts from KE Fibertec ensure customer comfort with draft-free air distribution.

KE Fibertec ducts are hygienic and can easily be taken down for washing. KE Fibertec's specially made High Dust Holding Capacity materials extend washing intervals considerably and reduce maintenance costs.

A wide product range enables KE Fibertec to offer the best possible solution for shops and supermarkets.

Benefits of KE Fibertec textile ducts:

- Efficient and uniform distribution of fresh air
- No draft and no dead zones
- No condensation - no insulation required
- Lightweight textile ducts that may be fitted to any type of ceiling
- Easy maintenance
- 1600 custom colours ensure that the ducts can be tailored to any architectural design
- Silent air distribution - documented down to 25 dbA
- Easy to integrate into the design of the building

We offer many well-documented reference projects:

ASDA, England

WinCo Foods, San Marcos, USA

IKEA, Sweden

WinCo Foods, Lewisville, USA

Sainsbury's, England

Elgiganten, Sweden
