

# SafeTrack

## Double suspension

The SafeTrack is supplied in cut lengths to match the textile duct and is packed with the necessary components and marked individually with exact indication of placement.

KE Fibertec recommend double-suspended SafeTrack for ducts exceeding  $\varnothing$  900 mm. For ducts exceeding  $\varnothing$  900 mm the SafeStrap-Up is recommended (see alternative suspensions).

Thread bars for the ceiling are as standard supplied in 1 m length. Different lengths are available upon request.

Not included in the delivery: Screws for ceiling attachment.
