THANK YOU KE FIBERTEC AS FOR YOUR DONATION OF 2,500 EUR

To many people who are in great need across the world, the Red Cross offers the only real chance of hope. We are often one of the first humanitarian organisations able to reach people when conflict or natural disasters destroy families and communities.

We help in the everyday and during catastrophes. From a first aid kit in the back of the car, to wars on the other side of the world.

We ensure that your money is being spent wisely, where they benefit the most.

Thank you for your support!

Best regards

Anders Ladekarl
Secretary General
