

comfort ventilation offices

KE Fibertec
- we supply
tailored and
sustainable ven-
tilation solutions

KE Fibertec contributes to the wellbeing of all employees with air distribution solutions for offices. Halfround KE Interior® textile ducts, flush mounted with the ceiling, distribute the air without draught.

KE Fibertec supplies textile ducts in standard and custom colours in order to satisfy all architectural requests.

KE Fibertec's textile ducts are tailored solutions that complement the architecture and function of each room. At the same time the low noise level supports a comfortable working-environment.

We offer many well-documented reference projects:

Algida Unilever, Turkey

Royal Bank of Scotland, UK

Dell Technical Support Centre, USA

St. Herzogenbusch, the Netherlands

Astra-Zeneca, UK

BodyMedia, USA

Benefits of KE Fibertec ventilation ducts:

- Efficient and uniform distribution of fresh air.
- No draught and no dead zones.
- Lightweight textile ducts that may be fitted to any type of ceiling.
- Easy maintenance.
- 1600 custom colours ensure that the ducts can be tailored to any architectural design.
- Silent air distribution.
- Clean air as the systems filter out dust particles from the supply air.
- Ideal for retrofit applications.

CHOOSE SUSTAINABLE VENTILATION

All KE Fibertec textiles are tested and approved according to the Oeko-Tex® Standard 100.

Our production is certified according to the ISO 14001 standard (Environmental Management System).

Transportation and disposal of textile duct systems produce less CO₂ pollutants than conventional steel ducts.
